### Protocol for SSAA disciplines with split National Championships and National Discipline Subcommittee Meetings

As more SSAA disciplines may now have 'split' National Championships, a protocol has been developed to clarify the position of the Discipline Subcommittee Meetings that are held in conjunction with National Championships. SSAA National Inc's protocol for disciplines that have split National Championships is that the National Discipline Subcommittee Meeting is to be held at the National Championships of the parent discipline. Informal meetings can be held at the split National event. However, if there are any recommended actions or agreements arising, they can be taken to the relevant National Discipline Subcommittee Meeting through the state discipline representatives.
