SSAA Tasmania – Shoot flyer

**EVER FIRED A .375 H&H
MAGNUM OR A .470 NITRO
EXPRESS?
WELL NOW YOU CAN.**

Members of the SSAA T10, Big Game rifle Club will fire these rifles and a wide range of other calibres at their club meetings each month.

The Big Game rifle Club is an official SSAA club and operates from Pontville, T10 Shooting Complex at Shene Road, Pontville, which is about 20 minutes north of Hobart. The range is approved for all rifle calibres from .22RF through to .600 Nitro Express as well as shotguns.

The club's objective is to *'create a unified body of people interested in the preservation, collection, study (both technical and historical) and field competition shooting of large bore, big game rifles, both black powder and nitro.'* The club also promotes the safe handling and responsible use of firearms and fosters the use of all calibres and action types including muzzleloaders.

Club events attempt to simulate field conditions for big (and dangerous) game, so time and accuracy are the two critical factors. All events are shot between 25 and 100 yards and 50 metre pistol targets are used.

A wide range of rifles including .22RF, old English rook calibres, double rifles such as .375 H&H, .400, .500 and .577 black powder are used. Magazine rifles from .223 up to .500 Jeffery also have a keen following. There are events for virtually all calibres.

If you would like to experience this unique and challenging sport, want to find out more about the club, or would like to join, please contact the **President, Terry Hill**. terry@ssaatasdeer.org.au
