

## Wesfire and Fiocchi ammunition

Since June this year, Wesfire have secured long-term sole distributorship with Fiocchi Ammunition. Fiocchi is one of the largest Europe/US-based companies and offers a world-renowned range of shotshell, rimfire and now rifle ammunition.

### New rifle line

Fiocchi have used the best components for a superlative rifle line, matching Hornady SST and Sierra Game King bullets with new cases and dependable primers. Fiocchi use only the best American powders loaded on state-of-the-art equipment in their Ozark, Missouri plant. The Extrema Hunting Line will soon be a favourite of sports shooters worldwide. Match-grade components with ultimate performance are the key to the Extrema Line.

**Exacta Rifle Match:** The Exacta Rifle Match merges with their Exacta Line for the demanding match shooter. Loaded with Sierra MatchKing bullets, handloaders will be challenged to equal their level of accuracy and performance.

**Rifle Shooting Dynamics:** Fiocchi are sure their Rifle Shooting Dynamics line will quickly become a hunter and shooter favourite. They are loaded in the US using Hornady bullets, top-quality American powders and selected components. Price and quality for the high-volume shooter - this is the aim of Fiocchi's Shooting Dynamics Line of Products.

## Fiocchi Rimfire

Fiocchi's .22 Rimfire Super Match Line is manufactured in small lots. This line combines high-quality performance with ballistic uniformity, and is designed for the shooter demanding shot-to-shot dependability. Fiocchi have added their gold-medal-winning Super Match Exacta Line a fantastic new silhouette round - very fast and accurate. New for this year is a hunting line, both in .22 LR and .22 Win Mag.
