Working Gundog Association of Australia (SSAA)

The Working Gundog Association of Australia (WGAA) is a national discipline within the SSAA. WGAA is dedicated to the gundog welfare and our program includes promoting working heritage of gundog breeds, conducting trials and training activities, maintaining gundog register & performance record, working with the SSAA in protecting members' rights to hunt over trained gundogs and selling of gundog training equipment. National Discipline Chairperson Barry Oliver 03 9598 3035, email: barryoliver@optusnet.com.au

IMPORTANT NOTICE TO ALL COWBOY SILHOUETTE SHOOTERS

After some consultation with the National President and some other members of the board it has been approved that an 'EXCEPTION' rule may be included in the interim

rules for Cowboy Silhouette. This exception has come about due to the fact that in the NRA rules there is no provision to use a rebarrelled rifle. Here in Australia, most of the early Winchesters (92s especially) have been rebarrelled. It is probably that our wildlife control last century would have seen a lot of rifles worn out. Also, many of the traditional 'Lever Action' shooters may have rebarrelled their rifles and this would allow them to compete in this match. BUT no competitor would under any circumstances be able to gain international team status using a rebarrelled rifle. It would be for domestic competition only. The exception follows.

EXCEPTION: A competitor may use a rebarrelled rifle for domestic competition only, provided it was in an original factory dimension and chambering (no wildcats). If requested by the technical committee, the competitor must provide evidence of this. NO rebarrelled rifle may be used by a competitor to obtain a position on an international team or in international competition.
