Guidelines for the Shooter's Gallery

The Shooter's Gallery is intended to assist SSAA members in the occasional selling and buying of shooting sports-related equipment. The SSAA provides this service at a discounted rate for private advertisers. Hobbyists, collectors and dealers or those that participate in continuous trading will be required to pay a different rate.

The Shooter's Gallery is published in *Australian Shooter* magazine and online at www.australianshooter.com.au

To aid readability and to help you sell your items, we are restricting classified adverts to individual sections; eg, you may want to sell a Sako rifle with cases, dies and sling and also a Miroku shotgun. While you can advertise the Sako with its related items such as the dies and cases, you will need to have a separate advert for the Miroku shotgun.

Adverts need to be in 6 weeks prior to publication.

Condition guide for firearms classification

Perfect (pc): new condition.

Excellent (ec): new condition, little use, no noticeable marring.

Very good (vgc): perfect working condition, no appreciable wearing on working surfaces, no corrosion or pitting, only minor surface dents or scratches.

Good (gc): safe working condition, minor wear on surface, no broken parts, no corrosion or pitting that will interfere with functioning.

Fair (fc): safe working condition but well worn, perhaps requiring replacement of minor parts or adjustments.

Attention NSW members

NSW legislation requires that any advert for a firearm or firearm part contain:
a) the licence or permit number of the seller, and
b) the name and address of the firearm dealer through which the sale will be arranged. SSAA members may use the services of their local club armourer to arrange the transfer of a firearm.

For details of your nearest SSAA club armourer or firearms dealer, please call 02 8889 0400.
